

IL

SORRISO

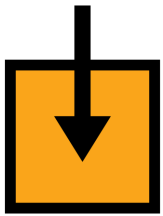

DEL

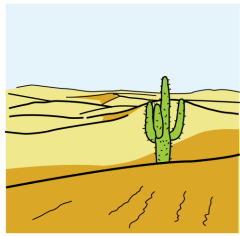

COLIBRÌ

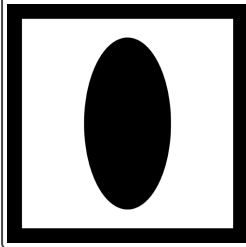

Nel

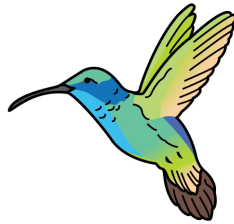

deserto

un

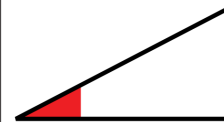

colibri

sorride

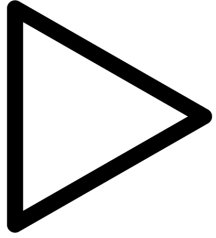

poco

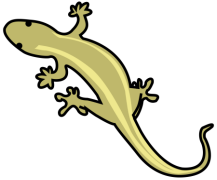

C'è sole!

La

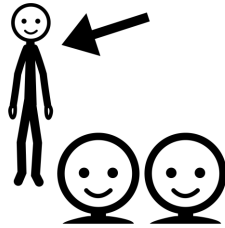

lucertola

con

lo

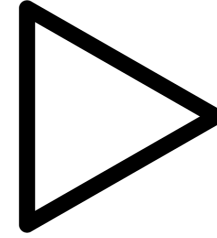

scorpione

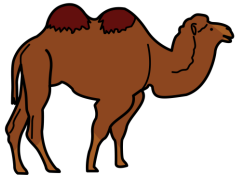

e

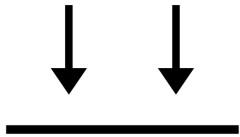

il

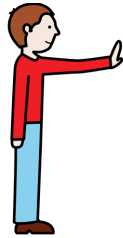

cammello

sono

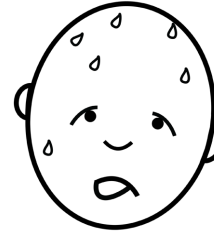

fermi

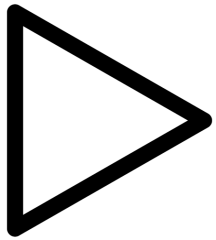

non vogliono

sudare

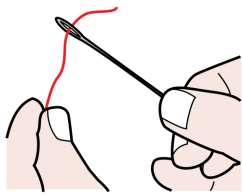

Il

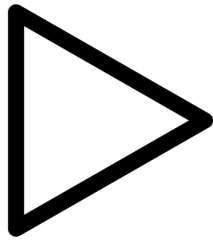

colibri

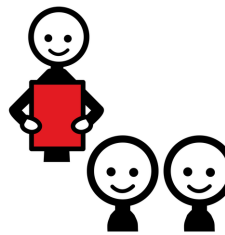

infilà

il

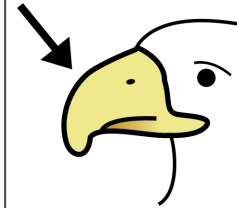

suo

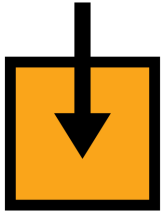

lungo

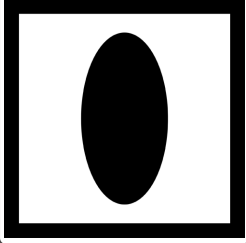

becco

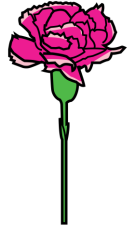

in

un

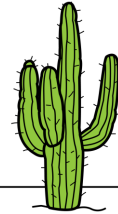

fiore

di

cactus

e

come

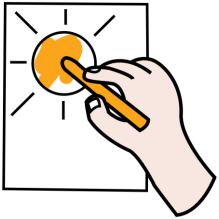

per

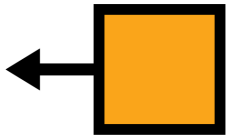

magia

si colora

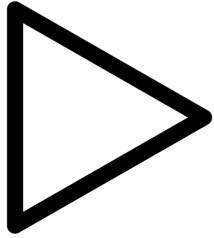

di

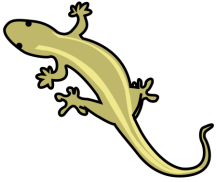

rosso

La

lucertola

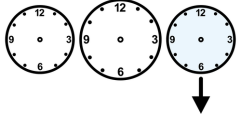

ride

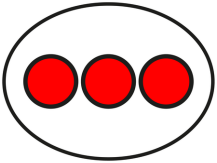

e

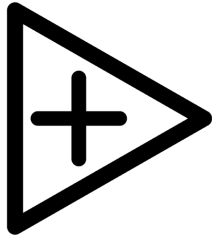

dopo

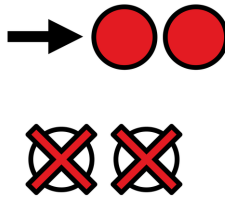

tutti

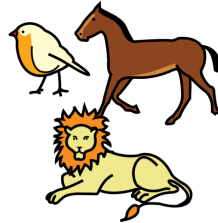

gli

altri

animali

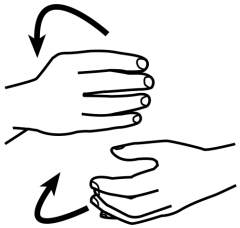

ridono

Se

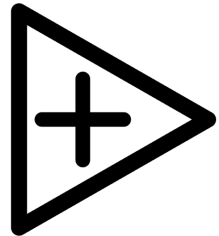

farai

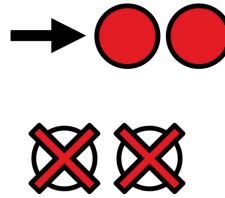

ridere

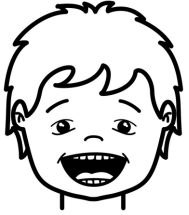

gli

altri

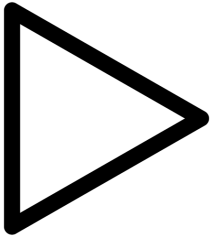

riderai

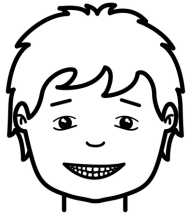

anche tu

Il

sorriso

aiuta

tutti
