Il racconto "Le carote sparite" è il prodotto di un'attività didattica collaborativa che ha visto coinvolti tutti gli alunni della classe seconda A della scuola primaria Don Milani.

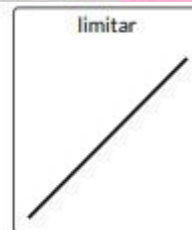

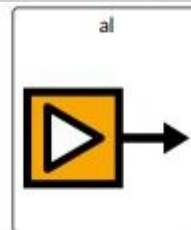

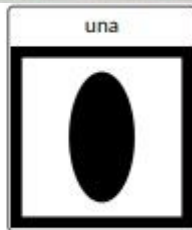

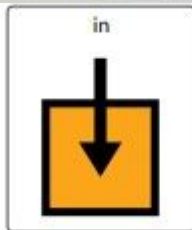

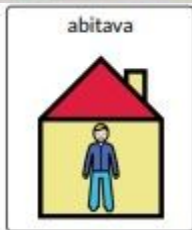

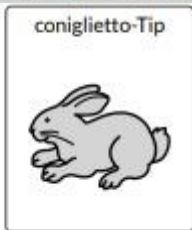

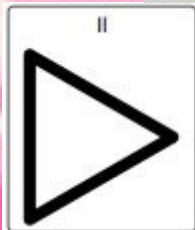

L'attività si è svolta seguendo alcuni step fondamentali:

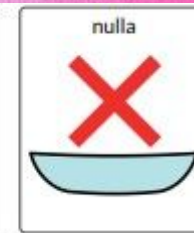

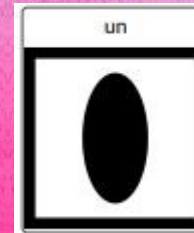

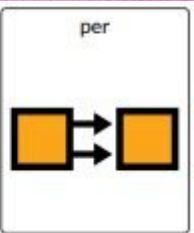

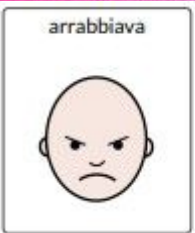

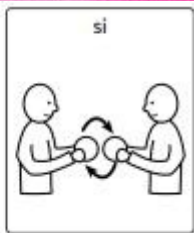

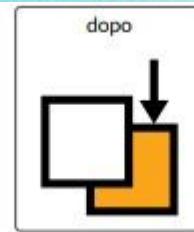

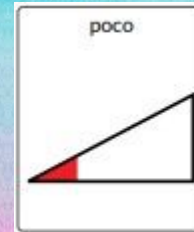

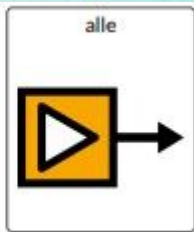

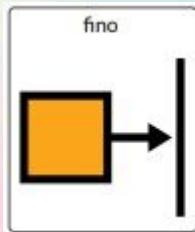

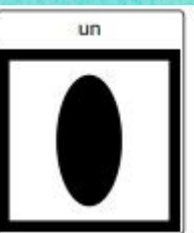

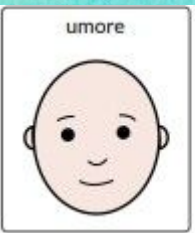

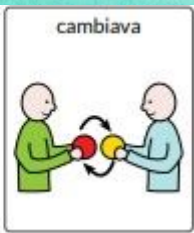

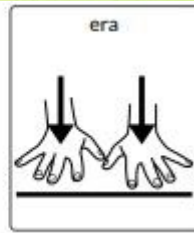

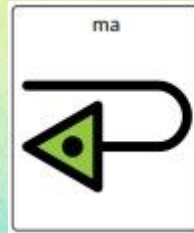

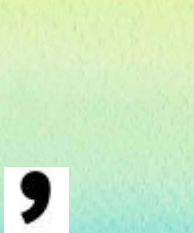

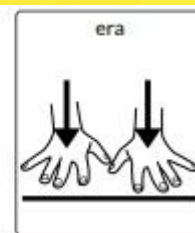

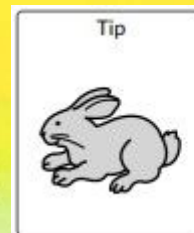

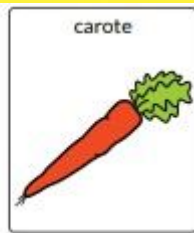

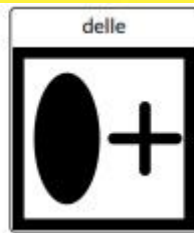

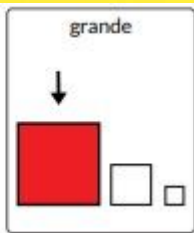

- Brainstorming sulle emozioni
- Visione e ascolto di due esempi di libri dedicati alle emozioni (modelling)

- Avvio alla creazione di una nuova storia: individuazione dei personaggi, dei luoghi, del tempo... Raccolta di idee per lo svolgimento del racconto sono i bambini a provocare, suggerire, inventare, raccontare (coaching)
- Creazione della storia raccogliendo in modo logico tutti gli elementi (scaffolding)
- A coppie realizzazione dei disegni delle sequenze principali del racconto. Come lavoro finale è stato realizzato un book creator visualizzabile al seguente link:
